Plaintiffs informed Veolia of their formal challenge to these designations on July 29, 2023 via email.<sup>2</sup> Veolia (finally) responded thirteen days later on Friday, August 11, 2023, at 5:15 p.m., (less than seven hours before Plaintiffs were permitted to file this Notice).<sup>3</sup> Conveniently, Veolia suggested a discussion for Wednesday, August 16, 2023, regarding the designations, despite an already scheduled *Meet and Confer* on Monday, August 14, 2023 (intended to address other issues).<sup>4</sup> Plaintiffs responded within the hour, advising our availability any time before Saturday, August 12, 2023, at 5:00 p.m., EDT (but also expressed an unwillingness to delay this filing past that time).<sup>5</sup> Veolia did not respond.

<sup>2</sup> July 28, 2023 correspondence to Veolia (Challenge to Confidentiality Designations), attached hereto as **Exhibit A** and incorporated by reference as if fully stated herein.

<sup>3</sup> August 11, 2023 correspondence from Veolia (Responding to Confidentiality Challenge), attached hereto as **Exhibit B** and incorporated by reference as if fully stated herein.

<sup>4</sup> August 10, 2023 correspondence from Veolia (Confirming *Meet and Confer*), attached hereto as **Exhibit C** and incorporated by reference as fully stated herein.

<sup>5</sup> Correspondence to Veolia (Plaintiffs are Available), attached hereto as **Exhibit D** and incorporated by reference as if fully stated herein.

The subject documents do not contain confidential information under applicable law or pursuant to this Court's prior orders. Thus, because there is a profound public interest in the Flint Water Crisis and in this litigation (as Veolia and the Court have consistently claimed); because the truth matters (as Veolia has vigorously and publicly argued);<sup>6</sup> and in light of Veolia's significant public presence online and Veolia's continued public misinformation campaign,<sup>7</sup> these documents must be de-designated as CONFIDENTIAL. Further, if any are made public, such would not cause oppression, competitive disadvantage, infringement of privacy rights established by statute or regulation, or infringement of confidentiality requirements established by statute or regulation with respect to government purchasing or other operations. Conversely, and perhaps most importantly, doing so might begin to level the playing field.
